

## Overview of Vermont

Vermont is a small, highly attractive state in New England, sandwiched between New York and New Hampshire, bordering the Canadian province of Quebec in the north. The impressive Green Mountains create a north-south spine running most of the length of the state, the majority of which are covered by dense forest, and the glittering Lake Champlain stretches across the northwest. With 55 state parks, top-class outdoor activities and spectacular fall foliage, it is no surprise that tourism is Vermont's biggest industry.

Vermont was originally inhabited by small groups of Algonquin-speaking Native Americans, including the Abenaki and Mohicans. The Iroquois later edged out most of the smaller groups, claiming the area as a hunting ground. Large-scale European settlement began much later in the mid-1600s when French explorer Samuel de Champlain claimed what is now known as the Lake Champlain region as part of New France. The British soon ousted the French, and new settlers brought new conflicts, giving rise to the Green Mountain Boys militia (begun by New Hampshire settler Ethan Allen) who fought the British in the Revolutionary War. Vermont became the 14th state in 1791.

Vermont is popular year round, but the abundance of world-class ski resorts means that winter is a peak season, with a focus on cross-country and downhill, snowshoeing and snowboarding. For those who prefer the warmer months, summer offers a wide range of activities from hiking, fishing, camping and water sports, to traditional New England clam bakes and lake cruises. Autumn is breathtaking, and the sugar maples are a riot of golds, oranges and reds. Visitors should take the time to sample some of the state's famed maple syrup, indulge in local cheeses or visit the birthplace of Ben and Jerry's Ice Cream.

Although Montpelier is the state capital, Burlington is Vermont's biggest city, situated on the eastern shore of Lake Champlain. The city is lively, attractive and historically significant as one of the leading ports in the country. A restored waterfront with views of the Adirondacks, bustling markets and moderate climate make it an essential stop on any visit to the Green Mountain State.

## Key Facts

### **Language:**

English is the most common language spoken but Spanish is often heard in the south-western states.

### **Passport/Visa:**

It is highly recommended that travellers' passports have at least six months' validity remaining after the intended date of departure from their travel destination. A visa is required for short visits unless travellers qualify for entry under the Visa Waiver Program. The Visa Waiver Program (VWP) enables citizens of certain countries to travel to the US for a stay of up to 90 days without a visa. Visitors under the VWP need to register online three days before travel and have an Electronic System for Travel Authorization (ESTA). This allows the US government to screen all visitors before travel. Visitors entering the country under the VWP must have a machine-readable passport (MRP) that has a barcode on the photo page. Travellers under the VWP must have passports that include biometrics if they wish to enter the country without a visa, which means that passports must contain unique personal data such as fingerprints or iris details. All passports must contain a digital photo image in order to travel visa-free. All visitors to the USA have a photograph and two fingerprints taken by an inkless scanner on arrival, including those travelling visa-free under the VWP. As part of the Western Hemisphere Travel Initiative (WHTI), all travellers travelling between the United States and Canada, Mexico, Bermuda, and the Caribbean region are required to present a passport or other valid travel document to enter or re-enter the United States. If departing from the USA, a valid passport is required by immigration authorities. Immigration officials often apply different rules to those stated by travel agents and official sources.

### **Currency:**

The official currency is the US Dollar (USD), which is divided into 100 cents. Only major banks exchange foreign currency. ATMs are widespread and credit cards are widely accepted. Banking hours are Monday to Friday 9am to 3pm.

### **Electricity:**

Electrical current is 120 volts, 60Hz. Plugs are mainly the type with two flat pins, though three-pin plugs (two flat parallel pins and a rounded pin) are also widely used. European appliances without dual-voltage capabilities will require an adapter.

## Climate for Vermont

Vermont's climate is changeable, with greater differences between summer and winter temperatures than most parts of New England. The northern region, including what is known as the Northeastern Kingdom, tends to experience the coldest winters in the state, with temperatures averaging about 10F (6C) colder than in the south. Summer temperatures average around 70F (21C). Snowfall in winter is heavy and most rainfall occurs in the summer. Spring tends to bring what is known as the mud season, when frozen ground thaws, resulting in thick mud.

## Health Notes when travelling to United States of America

There are no specific health risks associated with travel within the USA. Medical facilities are excellent, but expensive. Only emergencies are treated without prior payment and treatment can be refused without evidence of insurance or proof of funds. Good medical insurance is essential. Visitors must be fully vaccinated with the primary series of an accepted COVID-19 vaccine to travel to the United States by plane if they are non-U.S. citizens.

## Safety Notes when travelling to United States of America

Travel within the United States is generally trouble-free, though travellers should be aware that the US shares with the rest of the world, an increased threat from terrorist incidents. Security has been heightened, particularly at airports. Restrictions on hand luggage apply and travellers are advised to check on the latest situation with airlines in advance. Travellers should also be alert to the dangers of car and street crime in cities and should use common sense and take basic precautions. Hurricanes are common between June and November, putting the southern USA, including the Gulf Coast and the eastern US at risk. There is a risk of wildfires in many dry areas in the US, particularly on the West Coast from March to November.

## Customs in United States of America

Laws vary from state to state, including speed limit, fines and punishment. The age at which alcohol may be legally bought and consumed is 21 years.

## Duty Free in United States of America

Travellers to the United States who are returning residents of the country do not have to pay duty on articles purchased abroad to the value of \$800 provided their stay was longer than 48 hours and their duty-free allowance was not used in the 30-day period prior. For passengers arriving from Samoa, Guam and the U.S. Virgin Islands, a duty-free allowance of \$1,600 is allowed. The following items are included in this: 50 cigarettes and 10 cigars and 150 millilitres (5 fl. oz.) of alcoholic beverages or 150 millilitres (5 fl. oz.) of perfume containing alcohol. Restrictions may apply to goods from Cuba, Iran, North Korea, Burma (Myanmar), Angola, Liberia and Sudan. It is prohibited to import Cuban cigars from any country.

Travellers to the United States who are non-residents do not have to pay duty on the following items: 50 cigars or 200 cigarettes and gifts to the value of \$100 provided their stay in the USA is not less than 72 hours and that the allowance has not been used in the preceding six-month period.

Prohibited items for residents and non-residents include meat or meat products, poultry, narcotics, absinthe, plants, seeds, vegetables, fruits, soil, live insects and other living plants or animal pests. Fish is prohibited unless it carries disease-free certification. Wildlife and animals or their by-products carry restrictions. Dairy products and eggs from specified countries are not allowed. Firearms and ammunition are not allowed without the necessary license and permit.

## Doing Business in United States of America

In such a large country, filled with so many diverse groups, business practices may differ according to each state, however rarely to any large degree. The East Coast is traditionally more formal than the West Coast, though in states such as California, dress code and conservative appearance are as common as they would be in New York. Punctuality is important throughout the country and it is considered rude to be late for a meeting. Gift-giving is uncommon as it may be construed as bribery. Appropriate titles (Mr, Mrs, Ms) are used upon introduction and until otherwise stated. Americans favour politeness and greetings of 'Hello' and 'How are you?' are often expressed with sincerity. Business hours may vary in each state, but an 8am start and 5pm finish Monday to Friday is the most common with an hour over lunch.

Status and age are not necessarily indicative of seniority, nor do they carry much weight in themselves. Those doing business in the States should be mindful of this fact; foreigners should never make assumptions about someone's position or rank. Best practice is to be respectful to all parties. That said, the US upholds a hierarchal business structure, in which 'the boss' is the ultimate decision-maker. Senior leaders have the power of the last word, and can go against the grain just as easily as they can follow popular opinion. Foreigners should concentrate on winning over this individual, even if the greater group seems unsupportive. Americans value a direct style of communication. In this fast-paced, consumer culture 'time is money', and small-talk is viewed as unnecessary and wasteful. It's best for foreigners to get to the point quickly, speak about issues in a frank and open manner, and to avoid taking offence if someone questions or challenges them outright.

## Communication in United States of America

The international country dialling code for the United States is +1. Mobile networks cover most of the country, especially all urban areas, and WiFi is widely available.

## Tipping in United States of America

A 15 percent tip is expected by taxi drivers, bartenders, hairdressers and waiters, but travellers shouldn't tip in fast-food or self-service restaurants. In expensive restaurants or for large parties, the tip should be 20 percent of the bill. It is normal to tip staff such as valets and porters in hotels; this is discretionary, although a minimum of \$5 is expected. Most services are customarily tipped if the service is good.

## Passport/Visa Note

It is highly recommended that travellers' passports have at least six months' validity remaining after the intended date of departure from their travel destination. A visa is required for short visits unless travellers qualify for entry under the Visa Waiver Program.

The Visa Waiver Program (VWP) enables citizens of certain countries to travel to the US for a stay of up to 90 days without a visa. ## Burlington

Situated in Chittenden County, Burlington is Vermont's biggest city and a lively and creative university town with a growing tech industry. Ideally located on Lake Champlain's eastern shore between the Adirondack and Green Mountains, the city contains galleries, museums, historic architecture, top-class shopping and a host of outdoor activities.

Originally one of the leading ports in the country, with steamboat traffic on the lake boosting the local economy, the city was also the site of an important military hospital and army post during the War of 1812. Burlington continues to be one of the USA's top cities to live in, and has a friendly, college-town atmosphere drawing millions of visitors a year.

Attractions in Burlington include historic sites, food and craft markets, lake cruises and chocolate shops. The city has a beautiful riverside setting and its surrounding landscapes invite all kinds of outdoor recreation. As one would expect from a city that is home to tens of thousands of students, Burlington has a vibrant nightlife, undoubtedly the best in Vermont, making it a fun destination for youngsters in search of a party atmosphere. The village of Shelburne, which has essentially become part of Burlington as the city expands, is a hotspot for tourists, and the well-loved ski resort of Stowe is only a short drive away.

## Getting around in Burlington

Burlington is a pedestrian-friendly city that is easy to negotiate on foot. Walking is also the best way to enjoy the beauty of the city and its surrounds. Car rental agencies are available in the city and at the Burlington Airport. Traffic is heavy at peak hours. The Green Mountain Transit (GMT) runs the public bus system and buses tend to be reliable and affordable; Lyft and Uber are available. Hiring a bicycle is also a good option, particularly if visitors takes advantage of the Burlington Bike Path situated on the picturesque waterfront.

## Climate in Burlington

Burlington's climate is moderate in comparison to the rest of the state, with temperatures modified by Lake Champlain. Winters (December to February) are cold with snowfall, while summers (June to August) are warm and humid. The city is one of the cloudiest in the country, and rainfall occurs throughout the year, although August tends to be the wettest month. Snowfall is common, and averages 85 inches (216cm) per year. Temperatures in Burlington range from an average minimum of 10F (-12C) in January to an average maximum of 81F (27C) in July. Festival season picks up during May to October, as do temperatures, making this time of year particularly pleasant.

## Sightseeing in Burlington

Burlington has many identities: a historic early American city, a vibrant college town, a lakeside holiday resort, and an important commercial centre. With all these features, it's easy to see why Burlington is such a well-loved holiday destination.

Perched on the shore of Lake Champlain, many popular attractions and activities revolve around the tranquil lake. Kayaking, sailing, water skiing, dinner cruises, and other pursuits are a great way to enjoy Burlington's summer weather. The waterfront area is surprisingly non-commercial, and is home to bike paths, the Leahy Center for Lake Champlain, and a promenade perfect for enjoying sunset views.

An excellent way to make the most of the city's beautiful views is to hire a bicycle and follow the Waterfront Bike Path, a seven-and-a-half-mile (12km) route that runs from Oakledge Park at the southern end of town to the northern end at the beautiful Winooski River.

Historic Burlington can be explored through a few excellent museums, including the Ethan Allen Homestead, the Fleming Museum of Art, and the Shelburne Museum, nine miles (14.5km) south of Burlington.

Downtown Burlington is a vibrant area full of shops, cafes, bars and restaurants; the heart of which is the Church Street Marketplace. In good weather the square is filled with buskers and street performers, food and craft vendors, and most of the town's population.

## Ethan Allen Homestead and Museum

In capturing Fort Ticonderoga during the Revolutionary War, and as a militia leader, Ethan Allen secured his position as a folk hero and founder of Vermont. A man of many talents, he was a statesman, philosopher and deist, publishing Reason the Only Oracle of Man. Visitors to the homestead can wander through the faithfully restored 18th-century home and gardens. The house itself is a small frame house built in the Cape Cod style, existing for many years in complete obscurity. In addition to historical interest, the house's grounds provide lovely trails for hiking and picnicking.

## Montpelier

Though it is the capital of Vermont, Montpelier is a tiny town with fewer than 8,000 permanent residents. The small, compact nature of the capital is an advantage for travellers, who can explore most of the highlights on foot. These include the pretty downtown area, which is the touristic hub of Montpelier, where a variety of parks, markets and theatres as well as the historic gold-domed Vermont State House and Historical Society Museum await.

Though small, Montpelier has dozens of shops, restaurants and pubs for visitors to amuse themselves in. Several academic institutions, including the Vermont College of Fine Arts, ensure an abundance of bookshops and a buzzing nightlife.

Burlington is the busiest tourist centre in Vermont, and the largest city, but this charming little capital holds its own. It contains some quaint inns and guesthouses, and makes a great base from which to explore the rest of Vermont. It is near to the heart of Vermont ski country, and visitors can sample freshly made goodies from the nearby Cabot Creamery or Morse Farm Sugar Works while exploring the countryside.

## **Vermont Ski Resorts**

Vermont experiences heavy snowfall in winter, creating excellent downhill and cross-country skiing opportunities, drawing both local and international snowlovers. Vermont has a number of popular ski resorts such as Stowe, Killington, Sugarbush, Jay Peak, Mad River Glen, Okemo and Stratton.

The snow season is extended at some of the resorts, most notably Killington, by world-class snowmaking systems but it's generally possible to ski in Vermont from mid-October until as late in the year as June. Furthermore, many of the resorts stay open in summer and offer a range of activities.

Killington Ski Resort in central Vermont is one of the country's largest ski areas, and generally in the top ten for popularity and annual visitors. Sugarbush Resort also offers extensive ski trails and slopes, and Jay Peak offers excellent off-piste options. Visitors flock from neighbouring Canada, Boston and New York, and around the world.

# Vermont Attractions

## Overview

In recent years, Vermont has attracted about 15 million travellers annually. The majority of these visitors are domestic tourists from other US states, and visitors from neighbouring Canada. But the loyal droves of domestic tourists are the best possible advertisement for this New England state, where the long ski season, unspoilt landscapes and small, vibrant urban centres promise wonderful holiday diversions.

Vermont's ski resorts are hugely popular: Killington is the biggest and has a frenetic nightlife that delights younger visitors, Jay Peak has a diverse offering of trails and slopes, and Stowe is part modern ski resort and part quaint heritage hub, appealing to lovers of both snow and culture.

But despite the considerable draw of the slopes, Vermont's peak tourism season is summer, when a plethora of scenic and cultural attractions occupy visitors. The state is an outdoor activity paradise when the snow dries up, with wilderness areas such as the vast Green Mountain National Forest and Smugglers' Notch State Park promising extensive camping grounds, view points and hiking trails. Lake Champlain, a sprawling body of water that lies mostly in Vermont, attracts boaters, kayakers, and sailors as well as nature lovers keen to explore the wildlife reserves that enshrine the lakeshore.

Cultural highlights include the renowned Shelburne Museum, the quirky Fairbanks Museum and Planetarium, and the Marsh-Billings-Rockefeller National Historic Park, which provides insight into Vermont's proud agricultural heritage. Speaking of agriculture, Vermont is a joy for foodies, especially lovers of fresh produce and artisanal products. The state is the maple syrup hub of the US and celebrated for its chocolates, the famous Ben and Jerry's Ice cream brand and divine cheese varieties.

There are some wonderful farmers markets in the state, arguably the best of which are Brattleboro Farmers' Market and the Champlain Valley Fair. Those planning to eat their way around the state should try out the Vermont Cheese Trail and perhaps wash it down at the widely celebrated Vermont Brewers' Festival.

## Killington

With seven peaks and 73 miles (117km) of trails, Killington is the biggest winter sports resort in the eastern United States, earning it the nickname 'the Beast of the East'. Opened in 1958, Killington has five base lodges (all colour coded for convenience) and a huge variety of terrain.

The resort offers skiing opportunities for all skiers, from beginners and intermediates to experts, with ski and snowboarding lessons available for those just starting out. The ski season is long, lasting from about mid-October to late May and early June. One of the world's most extensive snowmaking systems ensures that snow conditions are outstanding.

The terrain includes plenty of cruisers, high-altitude bumps, and a halfpipe to lure snowboarders. The craziest run is the Outer Limits on Bear Mountain and the 10-mile (16km) Juggernaut is the country's longest alpine ski trail. An excellent shuttle system delivers skiers and snowboarders to the various base areas and then back to their cars at the end of the day.

There are a number of shops at Killington, including gift shops and antique shops, and a host of ski equipment shops. There are also shops that sell traditional Vermont specialities including maple syrup and local cheeses. Villages and towns surrounding Killington are home to even more country stores, antique shops and galleries, with the nearby town of Rutland, in particular, offering good shopping opportunities. There are roughly a hundred restaurants in Killington and those willing to travel a bit will find cosy eateries in neighbouring villages as well.

The apres-ski activities on offer are extensive and Killington's nightlife is one of the best by American ski resort standards. The Wobbly Barn is an institution in Killington, offering live music, dancing and a popular happy hour, resulting in a rowdy crowd. There are many other pubs, lounges and bars to enjoy.

Activities are abundant on and off the slopes and in all seasons. In winter, snow-mobiling and ice-skating, indoor rock climbing, dog sledding, sleigh rides, spas, snow-shoeing and live music are available. In summer, Killington is still a popular holiday resort with two world-class golf courses, horse riding, mountain biking and hiking available. Rates usually drop drastically in summer.

## Stowe

The Stowe holiday resort was developed in the 1930s, and as the granddaddy of Vermont ski resorts, it's managed to retain a genteel atmosphere and traditional New England flavour. Situated about 15 minutes north of the charming town of Stowe, the resort is split over two mountains, Mount Mansfield and Spruce Peak. Mount Mansfield is Vermont's highest peak at 4,3965 feet (1,340m), and has most of the resort's runs. Spruce Peak is a perfect spot for intermediate and beginner skiers, with only one black run and plenty of gentle blues.

Stowe has a total of 48 runs and 485 acres (196 ha) of skiable terrain and is a down-to-earth resort, getting far less crowded than the likes of Killington. There is only one slope-side holiday accommodation option. The nearby town of Stowe is full of character, offering picture-perfect views of churches, clapboard houses and covered bridges, and is close enough to several principal eastern US cities to attract local and international clientele.

The town contains shops and restaurants enough to keep visitors happy and entertained off the slopes, but there is not a huge range of options when it comes to nightlife. A few long-standing favourites offer evening entertainment, but the pubs, bars and taverns are typically laidback and celebrated for live music and craft beer options rather than DJs and pumping dancefloors.

There are several options for the non-skier on holiday in Stowe, or for those days when the legs need a rest. The town of Stowe offers world-class spas, indoor tennis, ice-skating, an indoor pool, snow-mobiling, horse riding, rock climbing and the Vermont Ski and Snowboard Museum, as well as plenty of shops and art galleries. The resort is also open in summer, providing a spectacular mountain holiday venue with fun activities such as trampolining, hiking, the Alpine waterslide and the Gondola skyride.

Stowe has gathered a loyal group of die-hard fans and, although not a huge resort, it offers a range of skiing opportunities for experts, intermediates and beginners. The double-black diamond Front Four trails (Starr, Liftline, National and Goat) on Mt Mansfield offer a real challenge for experts, while the Toll Road is a more gentle long run and the top section of the Nose Dive offers good glade skiing.

Spruce Peak is better suited to beginners and intermediates, with plenty of green runs, cruisers and great night skiing. Skiers can also choose to ride Snuffy's trail to the neighbouring Smuggler's Notch resort. The snowboarding at Stowe is also some of the best around, with three terrain parks and plenty of freeriding.
